Annual Notice Regarding Non-Visa Pinless Debit Transactions

You may use your Visa Debit Card to initiate both Visa debit transactions and non-Visa debit transactions without using a personal identification number (PIN) to authenticate the transactions.

To initiate a Visa debit transaction, you may sign a receipt, provide a card number or swipe your card through a point-of-sale (POS) terminal and choose to route the transaction over a Visa network.

To initiate a non-Visa debit transaction, you may enter a PIN at a point-of sale terminal or, for certain bill payment transactions, provide the account number for an e-commerce or mail/telephone order transaction after clearly indicating a preference to route it as a non-Visa transaction. We have enabled non-Visa debit transaction processing on the COOP, PLUS, PULSE and STAR networks.

The rights and protections applicable only to Visa debit transactions, including additional consumer liability limits and streamlined error resolution procedures, as described in your Electronic Fund Transfers Agreement and Disclosure will not apply to transactions processed through non-Visa networks.

Please contact the Credit Union with any questions you may have regarding this notice.

Are you in post-holiday payment shock?

Why not start saving for next year by starting a Christmas Club Account. Fund your account throughout the year and watch it grow! Early withdrawals cost \$25, so it's easy to keep your funds untouched until November. We will transfer the funds to your checking account (or mail you a check) in November, so you have plenty of time to shop for those on your list, without the worry. See a staff member for more information.
